

MATCH THE MESSAGE TO THE MITZVAH/MINHAG

There are some really important messages that **נוֹרָא** wants to teach us. There are also a bunch of **מִצְוֹת** (commandments) and **מִנְהָגִים** (customs) that we do to express those messages. We did the easy part for you by connecting the message to the mitzvah or meaning. Your job is to write what you think the connection between the two is inside of the strip. We did one for you as an example.

Good questions are better than good answers

Throughout the seder we are encouraged to ask lots of questions to deepen our understanding of what freedom really means.

Each season is a chance to begin again

We're all bound to face some bitterness in life

Following rules can remind us of what's really important

We don't just tell stories - we re-live them
