

# MATCH THE MESSAGE TO THE MITZVAH/MINHAG

There are some really important messages that the Yamim Noraim want to teach us. There are also a bunch of מצוות (commandments) and מנהגים (customs) that we do to express those messages. We did the easy part for you by connecting the message to the mitzvah or meaning. Your job is to write what you think the connection between the two is inside of the strip. We did one for you as an example.

Wake up!

Sometimes I don't pay attention to the important things in my life. When I hear the shofar it reminds me to pay attention!

We can begin again

God is all around me

God protects me

The Torah is the story of my people
